ORDERING INFORMATION

ANY ORDER RECEIVED AFTER 3:00PM MOUNTAIN TIME WILL BE CONSIDERED THE NEXT DAY'S BUSINESS

- CATALOG NUMBERS: Please use our catalog numbers and descriptions when ordering to help avoid confusion or delay. Most catalog numbers denote the size and gauge of material used.
- MULTIPLIERS: Multipliers are established at the start of each year. Multipliers are a percentage off of the list prices in this book. All special orders are quoted at net prices and are not eligible for multiplier discounts.
- MATERIALS: Most catalog numbers denote gauge of material but if a special gauge material is needed, please be sure to specify when ordering (Example: GVC 626—The 26 at the end of the catalog number denotes 26 gauge material). Some items are available manufactured from special materials; copper or painted black, brown or white. Please inquire which items are available in these materials. Different sizes of screen are also available; Galvanized 1/8" - 1/4" - 1/2", Stainless Steel 1/8", Copper 1/8" - 1/4" and Aluminum 1/8".
- OVERSIZE CARTONS: Certain cartons because of their size are rated at cubic inches rather than weight. Parcel companies are using Oversize 1 which is rated at 108 cu. In. or 30lbs and Oversize 2 which is rated at 130 cu. In. or 70 lbs. On cartons sized as OS2 we check the cost with LTL carriers to find the cheapest way to ship.
- RETURN POLICY: A 20% restock charge will be assessed on all items approved for return to stock. A return authorization number will be required for all items returned and return freight will be prepaid by the customer. All items must be in new/undamaged condition for resale in order to obtain credit. All items returned will be for merchandise credit only. Special order/non-catalog item sales are final and will not be accepted for return. Return authorizations will expire 30 days after issue and returns will not be accepted nor will credit be issued past that time.
NO REFUNDS, CASH OR CHECK WILL BE ISSUED.
- CANCELLATIONS: Once purchase order material is in process the purchase order cannot be cancelled. If a purchase order must be cancelled, all production costs incurred from the date the purchase order is placed to the date of cancellation will be the customer's responsibility.

DELIVERY TERMS

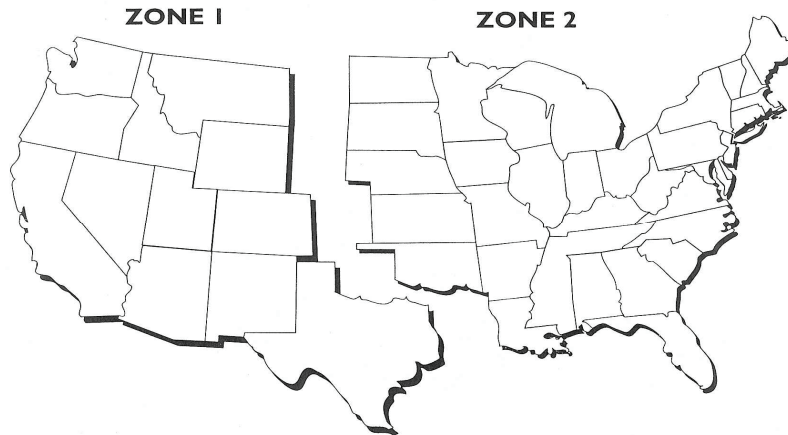

- FREIGHT POLICY: All orders should try to meet free freight minimums if possible. All orders shipped below free freight minimums will be prepaid (to provide customers with our freight discounts) and added to the invoice unless otherwise specified. All Next Day, Second Day & Third Day shipments will be prepaid and added to the customer's invoice and are not included in our Free Freight Allowance. It is the customer's responsibility to provide accurate shipping information. Any necessary address corrections made and charged for by freight companies will be billed back to the customer in the event of an incorrect or incomplete address.
- ROUTING: All orders will be shipped the most cost effective way unless otherwise specified by the customer. If the customer chooses their own freight company that customer will be responsible for all freight charges. This may include any freight service charge or prepaid freight charges being added to the customer's invoice. All free freight allowed orders will be shipped best way according to the discounts we receive from our carriers. Artis Metals Company, Inc. reserves the right to back bill customers for additional handling and hidden charges billed us by our freight carriers.
- UPC CODING: UPC Coding is available for all Artis Metals Company, Inc. Manufactured products. We offer a CD-Rom containing all of the Bar Codes for our products. You can request a copy of our UPC Code CD by calling, faxing or e-mailing the Artis Metals Company, Inc. factory. We also offer product UPC labeling services at customer's request.
