

Yard Hydrants Product Features

- The Caitlin yard hydrant provides running water for lawn, garden and irrigation all year, even in sub-zero temperatures.
- 3/4" FPT inlet. 1" standard pre-galvanized pipe. 3/4" male hose thread outlet.
- All Caitlin yard hydrants have heavy duty cast iron head and handle with long lasting blue polyester powder coating finish.
- Handle can be locked by inserting a padlock into the holes in the head and handle to prevent unauthorized use.
- Maximum water pressure 80 PSI.
- The Caitlin yard hydrant works on existing fresh water system, municipal water and private wells.
