

DESCRIPTION: Acid Eliminator neutralizes and prevents acids that form due to refrigerant and lubricant breakdown from attacking air conditioning and refrigeration systems. Easy to use and fast acting. Acid Eliminator circulates quickly and will not leave residue or deposits that can harm system components. Can help prevent system breakdown.

INSTRUCTIONS:

1. Replace compressor if burned out.
2. Measure the acid level in the refrigerant system using an acid test kit.
3. Determine the compressor's volume of lubricating oil.
4. Add 1oz or 29mL of Acid Eliminator per portion of compressor oil volume and indicated acid level as shown in the table below.
5. After system has run for an hour, repeat test for residual acidity. Repeat step 4 if necessary.

Acid Level Indicated by Acid Test Kit	Add 1oz (29mL) Acid Eliminator to the Indicated Volume of Compressor Oil
LOW	64oz/1892mL
MEDIUM	48oz/1419mL
HIGH	24oz/710mL

WARNING! May be harmful if swallowed and enters airways. Causes mild skin and eye irritation. Keep out of reach of children. Read label before use. Do not handle until all safety precautions have been read and understood. Do not breathe mist, vapours, or spray. Do not get in eyes, on skin, or on clothing. Wear protective gloves, clothing, eye protection, and face protection.

FIRST AID: IF SWALLOWED: If more than several ounces of material are swallowed, DO NOT induce vomiting. Give two 16 ounce glasses of water and get medical attention or call the nearest poison control center for advice. **IF ON SKIN:** Remove contaminated clothing. Flush exposed area with water and follow by washing with soap if available. If persistent irritation occurs, obtain medical attention. When using high pressure equipment, injection of product under the skin can occur. If high pressure injuries occur, the effected person should be sent immediately to a hospital. Do not wait for symptoms to develop. Obtain medical attention even in the absence of apparent wounds. **IF INHALED:** Evacuate to a safe area with plenty of fresh air. Allow the affected individual to rest in a well ventilated area. Seek medical aid if breathing does not return to normal within 15 minutes. **IF IN EYES:** Flush eye with copious quantities of water. If persistent irritation occurs, obtain medical attention.

IN CASE OF FIRE: Use any extinguisher suitable for Class B fires, dry chemical, CO2, water spray or firefighting foam.

See Safety Data Sheet for further details regarding safe use of this product.

NON-WARRANTY: This product is provided "as is". Seller specifically disclaims any and all warranties, whether expressed, implied, statutory or otherwise and specifically disclaims all implied warranties including without limitation, any implied warranties of merchantability or fitness for a particular purpose or those arising by reason of custom or usage in the trade or by course of dealing.

ACID-ELIM

Additives

Acid Eliminator

Removes and prevents acids

- Easy to use, fast acting
- Inhibits corrosion
- OEM Accepted Technology
- Compatible with all refrigerants and oils

WARNING! May be harmful if swallowed and enters airways. Causes mild skin and eye irritation.

4oz/118mL
