

# Product Specifications

## 1-3/4" x 5" 16 Gauge Safety Plate

Part number 2516  
Category number 5060  
UPC 781002141105

Steel Safety Plates are affixed to wooden studs to prevent nails, drills, or fasteners from penetrating hidden utility pipes, wire and cable. They are manufactured from carbon steel and zinc plated for corrosion resistance.

### Physical Characteristics

|-------------|--------------|
| Type        | Safety Plate |
| Size        | 1-3/4" x 5"  |
| Length (in) | 5"           |
| Width (in)  | 1-3/4"       |
| Gauge       | 16           |
| Material    | Carbon Steel |
| Finish      | Zinc Plated  |

### Packaging Details

|                |       |
|----------------|-------|
| Standard Qty   | 100   |
| Master Qty     | 100   |
| Price Per      | 100   |
| Package Length | 11.7  |
| Package Width  | 9     |
| Package Height | 5.5   |
| Net Weight     | 0.135 |
| Package Weight | 13.5  |

### Performance Data

|                                                            |
|------------------------------------------------------------|
| Applications                                               |
| Affixed to Wooden Studs To Protect Wires and Utility Pipes |
| Special Features                                           |
| Nail Sharp Points, Easy to Install                         |

### Certifications

|                |     |
|----------------|-----|
| RoHS Compliant | Yes |
