

Product Specifications

Assorted Fender Washer Kit

Part number FENWK
Category number 4760
UPC 781002155393

The FENWK Kit is a 6 compartment box consisting of a variety of the most popular fender washers used by contractors. Fender Washers differ from standard Flat Washers in that their outside diameters are much larger in proportion to their center holes. With this design, a Fender Washer can be placed under the head of a bolt or nut, to help distribute forces applied when tightening, or to cover an oversized hole. This kit features over 120 assorted Fender Washers ranging in 3 different sizes from 3/16", 1/4" and 3/8".

Physical Characteristics

Type	Fender Washer Kit
Washer Type	Fender Washer
Diameter	3/16", 1/4", 3/8"
