

Product Specifications

Multipurpose Dura-Towel

Part Number MDT
UPC 781002858300

Dottie's Dura-Towel is a heavy-duty, reusable, and disposable towel used to clean up oil, dirt, grime, grease, and other substances on a wide variety of surfaces. They are manufactured from Hydro-Entangled Fibers (HEF) that blend natural and synthetic fibers for a tear-resistant, durable, and soft cloth-like feel. These low lint towels are inter-folded in a convenient pop-up box that provides portability and protection from contamination. Dura-Towels have superior absorption power and are commonly used with industrial solvents.

Physical Characteristics

Type	General Purpose Wiper
Size	9" x 11"
Material	Hydro Entangled Fibers (HEF)
Number of Pieces	100
Color	White

Packaging Details

Standard Qty	1
Master Qty	10
Price Per	1
Package Length	4.80
Package Width	9.50
Package Height	9.90
Package Weight	1.60
Package Type	Dispensing Box

Performance Data

Applications	All Purpose Wiper Wet or Dry
Special Features	Heavy Duty, Multipurpose, Soft cloth-like feel, Low Lint, Extra-Large White Towel, Superior Absorption, Used with Solvents, Latex Free, Portable Pop-Up Box Prevents Contamination, Reusable and Disposable
