

3/8”-16 Metal Drilling Bottom & Side Dual Rod Hanger

Part Number SSM38D
UPC 781002859482

Dual rod hangers are single-piece anchors with heads threaded on both ends and sides, allowing installation in both vertical and horizontal orientations for threaded rod systems, eye bolts, and more. They are suitable for use in metal.

Physical Characteristics

Install Tool	DUNIB
Anchor Type	Rod Hanger
Nut Type	Retainer
Point Style	#3
Thread Type	UNC
Screw Size	1/4”-20 x 1-1/2”
Rod Size	3/8”
Head Diameter	1/2”
Shank Length	1-1/2”
Thread Per Inch	16
Thread Pitch\Thread Per Inch	3/8”-16
Material	Carbon Steel
Finish	Zinc Plated
Number of Nuts	1
Mount Style	Bottom & Side

Packaging Details

Standard Qty	25
Sleeve Qty	125
Master Qty	750
Price Per	100
Package Length	3.60
Package Width	3.10
Package Height	3.00
Package Weight	1.70

Performance Data

Applications	Steel Joists, Beams, Purlins
Special Features	Self Drilling Tip, No Pre-Drill Required, One Piece Design, Low Torque to Install
Self Drilling Range	0.060” to 0.188”

Certifications

RoHS Compliant	Yes
