In keeping with our policy of continuing product improvement, Elkay reserves the right to change product specifications without notice. Please visit [elkay.com](#) for the most current version of Elkay product specification sheets. This specification describes an Elkay product with design, quality, and functional benefits to the user. When making a comparison of other producers' offerings, be certain these features are not overlooked.

A detailed diagram showing the components used to mount a sink. A brown rectangular block represents the countertop. A grey U-shaped channel is positioned around the sink's base. A grey clip is attached to the side of the U-channel. A grey screw is shown passing through the clip and the U-channel into the countertop. A small grey bead of silicone caulk is shown at the top edge of the sink, where it meets the countertop. Labels with arrows point to each component: 'Silicone Caulk (not furnished)', 'Sink', 'U-Channel', 'Clip', 'Screw', and 'Countertop'.

| Optional Accessories     |                                                                                                                                                |                                                                                      |
