In keeping with our policy of continuing product improvement, Elkay reserves the right to change product specifications without notice. Please visit [elkay.com](#) for the most current version of Elkay product specification sheets. This specification describes an Elkay product with design, quality, and functional benefits to the user. When making a comparison of other producers' offerings, be certain these features are not overlooked.

A cross-sectional diagram of a sink bracket assembly. A brown rectangular block labeled 'Countertop (must be able to attach bracket to)' has a 'Nail' driven through it into a 'Bracket'. The bracket is a metal piece with a vertical flange on the left and a horizontal arm on the right. A 'Screw' is shown passing through the horizontal arm of the bracket into a 'Sink'. A 'Clip' is shown on the underside of the bracket's horizontal arm. A 'Z-Channel' is shown as a metal piece that fits under the sink and is secured to the bracket's horizontal arm. 'Silicone Caulk (not furnished)' is indicated at the top left corner where the countertop meets the sink. The 'Sink' is shown as a curved metal basin on the right.
