In keeping with our policy of continuing product improvement, Elkay reserves the right to change product specifications without notice. Please visit [elkay.com](#) for the most current version of Elkay product specification sheets. This specification describes an Elkay product with design, quality, and functional benefits to the user. When making a comparison of other producers' offerings, be certain these features are not overlooked.

A cross-sectional diagram of a sink bracket assembly. A brown rectangular block labeled 'Countertop (must be able to attach bracket to)' has a 'Nail' driven through it into a 'Bracket'. The bracket is a metal L-shaped piece. A 'Z-Channel' is attached to the top of the bracket with a 'Screw'. A 'Clip' is attached to the side of the bracket. A 'Sink' is shown as a curved line on the right, with 'Silicone Caulk (not furnished)' indicated at the junction of the sink and the bracket. The entire assembly is shown in a perspective view.
