

Installation of Lemora GC550126 Toilet Seat

Elongated Soft Close Seat for the Lemora Toilet

The Lemora Seat and Hardware Kit

Hardware Kit contains plastic anchors, post on adjustable discs, screws, and disc trim caps. There are two of each.

Insert Anchors into Seat Holes

Then secure adjustable disc using the screw.

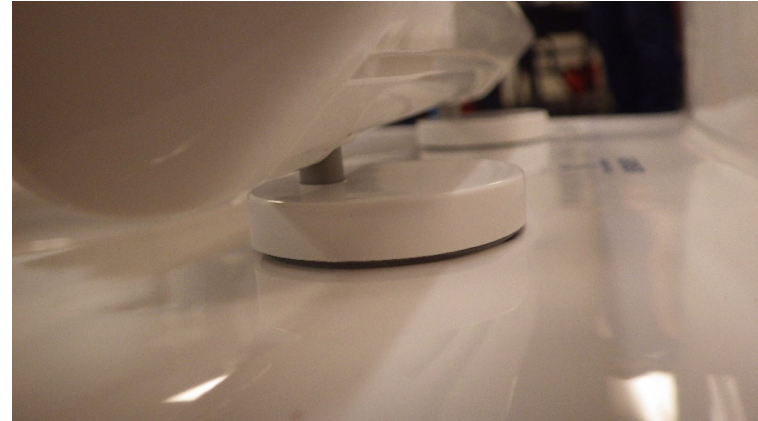

Snap On the Trim Caps

Install trim caps over the posts and push down onto the adjustable discs.

Mount Seat Onto Posts

Line up the holes located in the hinge of the seat, and then push seat down onto posts.

Check For Alignment

Check that seat front aligns with bowl front, and if too much overhang, then remove seat by pushing the seat release button.

Remove trim caps and adjust the posts.
