

Tradesman Pro™ Magnetic Wristband

The Tradesman Pro™ Magnetic Wristband features rare earth magnets powerful enough to keep your wire nuts, screws, bits, nails and other small parts nearby. No more losing small parts or going back to your tool bag for more. This premium wristband is made with 1680d ballistic material, and is tough enough to stand up to use, yet comfortable enough to stay close to your skin with a breathable mesh interior. The magnetic wristband is contoured with an adjustable closure to fit most wrist sizes comfortably. It will also fit around a belt or tool bag to always keep your small parts handy.
