Technical Information

All product dimensions are nominal.

Spout:

Handshower rated max flow: 1.75 gal/min (6.6 l/min)

Notes

Install this product according to the installation instructions.

Plumbing codes require approved backflow prevention devices to be installed in-line to handshowers. Please consult with local plumbing officials.

Mount the sidebar to stud framing or install backing support. For tile or other solid finish surfaces: Predrill mounting holes through surface material only; do not drill into the stud. For drywall surface: No predrill is required.

ADA compliant when installed to the specific requirements of these regulations.
