Technical Information

All product dimensions are nominal.

Spud size: 2", Outlet, Rear

Min. Water per Flush: 0 gpf (0 lpf)

Max. Water per Flush: 0 gpf (0 lpf)

Designed for the above water use when installed with a water-saving flushometer.

Notes

Install this product according to the installation guide.

CAUTION: Risk of property damage. When connecting waterless urinals to the building drain waste vent system, do not use copper pipe or copper tube connectors. The use of a copper connector will result in corrosion of the connector and potential building structure damage caused by leakage.

Roughing-in remains the same when using the optional 3" outlet spud.

ADA compliant when installed to the specific requirements of these regulations.
