WOLF WALL™ PLANOGRAMS

Strong Branding | Easy To Set Up | Flexible And Versatile

WOLF WALL™ reinforces the premium positioning of the LENOX® brand by utilizing clean lines, strong color contrast, and a highly visible LENOX® logo. This simple, modular system uses three basic interlocking components. Modules can be used on pegboard or slat wall, and layouts can be customized to accommodate obstructions or to create unique configurations.

POWER TOOL ACCESSORIES

Reciprocating Saw Blades | Jig Saw Blades | Hole Saws | Hole Cutters and Drilling Products

You want maximum **PERFORMANCE** because you need to get the job done right, fast, and efficiently. That's why we invented bi-metal recip saw blades—and brought you unprecedented blade life. We also created our unique, fast *ONE TOOTH®* Hole Cutter to cut more than 300 holes without resharpening. And we introduced our pacesetter Bi-metal Utility Bit that keeps going because it's literally **TOUGHER** than nails. You'll see the results of the LENOX® heritage of innovation throughout our power tool accessory line—with a full range of solutions that ensure that you get **THE MOST** from your tools, the most from your time, and the most for your money.

HAND TOOLS

Hacksaws | Snips | Tubing Cutters | Pipe Wrenches | Nutdrivers | Utility Knives

We go the **EXTRA MILE** to bring new thinking to familiar tools. So they make it quicker and easier to get the job done right. For example, we introduced the **LONGEST LASTING** utility blade ever, LENOX® Gold.™ We pioneered bi-metal hacksaw blades, and made them virtually **UNBREAKABLE**. We gave our snips pencil-ground tips to cut into tight spots, plus fused-over-molds that can't slip off their double-tang steel handles. And we added a fourth roller to our extra-rugged, ergonomically designed tubing cutters, so they won't walk while cutting—in addition to a built-in reamer to smooth tubing ends. When you get your hands on these and other LENOX® hand tools, you won't let go.

JOINING TECHNOLOGIES

Torches | Solder | Accessories

For many generations, our long-lasting products have been making the professional tradesman's job easier. We've put that experience and knowledge to work in a wide range of **SUPERIOR** torches, solder and accessories. Our **INNOVATIVE** torches provide a convenient way to carry and store all tips and accessories, while extending the reach and accessibility to any job. The same dependable **QUALITY** can be found with our premium alloys and quality solder products which combine unbeatable **PERFORMANCE** and meet the highest industry standards. The full line is complemented with our prepping tools such as flux, abrasives and brushes, exceeding the professional's expectations for all pipe joining needs.
