VANDAL PROOF CAST IRON VENT CAP

Specification: MIFAB® Series R1930 cast iron vent cap with lacquered cast iron body and dome secured to the body with an allen key screw.

Function: Used with all plumbing vents that terminate above the roof. Vandal proof dome and dome design prevents debris from entering vent opening.

Note: Universal body assembly fits over 2", 3" or 4" vertical vent pipe. One size serves all three different outlet sizes. For 6" vertical vent pipe, discard the internal "step" piece and use the three securing screws to assemble the cast iron vent cap to the top of the 6" vertical vent pipe.
