**F1100-C-TS(\*)**

**TOP SET® FINISHED FLOOR DRAIN WITH ROUND ADJUSTABLE  
HEEL PROOF STRAINER AND MEMBRANE CLAMP**

**Specification:** MIFAB® Series F1100-C-TS(\*)-(\*\*) (\*specify strainer diameter and (\*\*) finish) MIFAB Top Set finished floor drain with lacquered cast iron body and water proofing membrane clamp, securing and adjustable hardware, allen key vandal resistant stainless steel grate screws and heelproof strainer (specify -1 for nickel bronze and -3 for stainless steel) that can be adjusted vertically and side to side after the pour with 3/4" thick composite strainer protective cover and indicating whisker.

**Function:** Used in showers, kitchens, restrooms, and other membrane finished areas. Round adjustable heelproof strainer is used for all types of poured finished floors. The concrete is poured to the same level as the orange cap. After the pour, the cap is removed with channel locks and the three Phillips head screws underneath the grate can be engaged to raise the strainer vertically and to also adjust it side to side.
