VALVE BOX

Specification: MIFAB® Series MI-VB valve box is designed to provide easy access to all types of valves and controls that are concealed in the wall and need to be protected by a fully enclosed box. The MIFAB MI-VB-SM valve box is designed to provide easy access to all types of valves and controls that extend outside of the finished wall and need to be protected by a fully enclosed box. The depth of all valve boxes can be customized to meet any rough in requirements.

Material: MI-VB Series is a 16 gauge satin coat steel door and frame and a 20 gauge satin coat steel box. The MI-VB-SM is 16 gauge stain coat steel door and box. The MI-VBSS is a 16 gauge #304 stainless steel door and frame with a 20 gauge #304 stainless steel box. The MI-VB-SMSS is a 16 gauge #304 stainless steel door and box.

Finish: All Satin Coat VB's have a primed finish. MI-VBSS has a #4 brush satin finish on door and frame and a 2B finish on the box. MI-VB-SMSS has a #4 brush satin finish on door as well as the box.

Door: MI-VB Series - flush to frame. Turned back around edges for extra rigidity. MI-VB-SM Series - overlaps box, providing a tight secure fit. Optional - opening cut out of door to allow for glass or plastic window to be installed - window material supplied by others.

Frame: MI-VB Series - pre-punched mounting holes for simple installation. It is welded to the box.

Hinge: Concealed pivot pins.

Latch: Standard - Flush mounted, screwdriver operated cam. Optional - Allen key, cylinder key, or paddle latch. All of MIFAB's cylinder key locks are keyed alike.

Packaging: Individual pack.

Note: Clearance on the support framing is required at the lock locations.

MI-VB SERIES

MI-VB SERIES

MI-VB with optional cut out of door to allow for glass or plastic window by others.
