Material Number B179350, Flush Bushing Ftg x F - Cast, 718-3

The flush bushing features a male solder end and female NPT thread. The fitting provides a means of reducing the size of a line as well as adapting from a solder connection to a threaded connection. Please refer to NIBCO technical data sheets and catalogs for engineering and installation information. In addition to its inherent qualities of beauty, durability and low maintenance, copper's reusability makes it an ideal application in sustainable projects. NIBCO® copper fittings are manufactured
