Material Number E159150, DWV Test Tee C x C x Cleanout with Plug - Cast, 814

The test tee features solder cups and a cleanout with plug. The fitting provides a means of clearing potential clogs in certain portions of the drainage system. Please refer to NIBCO technical data sheets and catalogs for engineering and installation information. In addition to its inherent qualities of beauty, durability and low maintenance, copper's reusability makes it an ideal application in sustainable projects. NIBCO® copper fittings are manufactured in an ISO 9001 certified facility, and
