Material Number K053300, 4807-V 90 Vent Elbow HXH PVC

The PVC DWV 90-degree vent elbow features a hub x hub connection and the abrupt 90-degree angle is used to change the direction of flow in the venting side of the system. Please refer to NIBCO technical data sheets and catalogs for engineering and installation information. Polyvinyl chloride (PVC) is the most frequently specified of all thermoplastic materials because of its light weight, durability, and cost-effectiveness. PVC DWV is easy to install and is joined by solvent cementing or
