The PVC DWV 90-degree street closet elbow features a spigot x hub connection and is specially designed to connect to the bottom of the closet flange. Please refer to NIBCO technical data sheets and catalogs for engineering and installation information. Polyvinyl chloride (PVC) is the most frequently specified of all thermoplastic materials because of its light weight, durability, and cost-effectiveness. PVC DWV is easy to install and is joined by solvent cementing or threading. PVC fittings
