Material Number NL9950C, T-595-Y - Three-Piece Bronze Ball Valve - Full Port, Threaded End Connections

The NIBCO® bronze ball valve provides ease of operation with quarter-turn (90 degrees) open to close. The PTFE seat ring and brass hard chrome plated ball exhibits high chemical resistance properties and is recommended for many high pressure applications. The three-piece valve features threaded ends for easy installation. Options include NIB-SEAL® insulated handle that eliminates condensate. Please refer to NIBCO technical data sheet, valve selection guide and catalog for engineering and
