The NIBCO® ductile iron butterfly valve provides ease of operation with quarter-turn (90 degrees) open to close. The valve features an EPDM encapsulated ductile iron disc. The internal stem/disc splined drive design eliminates the need for pins or bolts that may create leak paths or turbulence in the waterway. An extended neck allows for insulation up to 2 inches. Please refer to NIBCO technical data sheets, chemical resistance guides and catalogs for engineering and installation information.

UPC Code	039923767233
Type	Butterfly Valve
Connection Type	Grooved
Seat Material	Polymid
Valve Size	2 1/2
Material	DI Ductile Iron
Disc Material	EPDM Coated Ductile Iron
Valve Operator	Lever-Lock Handle
Description	GD47653 21/2 GRV BFV L/LK HNDL D I
eClass Classification	Ductile Iron Butterfly Valves
All Type of Item	Valve
Turns/Operation	Quarter-Turn
Weight	7.425 lb
