THE PLEATCO WAY

"At Pleatco we're focused on bringing great new products and technologies to the market that truly provide the cleanest water filtration possible for the health, safety and happiness of every pool and spa owner. Our commitment to science and engineering defines us as an innovator and a leader. Our greatest asset is our truly collaborative team. We strive to be smart, accurate, and highly consistent. The combination of discipline and creativity provides us with great strength and flexibility giving us an agility to always push new boundaries and stay one step ahead of the game. Our common goal across the entire company is 'constant improvement' everyday. Our focus on exceptional customer service and support and the relationships that we build are the lynchpin of our success. We care about our customers and our community and take our responsibilities seriously. We approach each day with a passion and commitment."

Sincerely,

CEO, Pleatco

WELCOME

Pleatco Advanced™

THE NEW STANDARD IN POOL & SPA FILTRATION

Pleatco Advanced is the combination of our
Pleatco Point Bonded Filtration Fabric coupled with Pleatco Free Flow Cores.
All Pleatco Filter Cartridges are made from this dual technology.
100% unique and exclusive to Pleatco.

HOLDS MORE DIRT!

No other filtration media comes close!

4 oz

Pleatco Advanced POOL
POINT BONDED FILTRATION FABRIC

Pleatco Advanced SPA
POINT BONDED FILTRATION FABRIC

3.2 oz

- Contains more fibers per unit area offering far greater volume dirt holding capacity than other filtration fabrics
 - Reduced pore size distribution in the fabric provides impressive turbidity reduction and filtration flow
- Easily and efficiently captures dirt particles to achieve a deeper level of cleanliness and clarity than ever before
 - Uniformly placed weld spots make Pleatco Point bonded fabrics the strongest and most robust
 - Fabric returns to a high state of original performance after cleaning
 - Greater usability, longer cleaning cycles, and less service time.

UNLIKE ANY OTHER FILTRATION FABRICS!

COMPLETELY UNIQUE AND EXCLUSIVE TO PLEATCO.

Old School

Nobody talks about cores. Why? Because all of our competitors use PVC pipe with holes drilled in them. Take a few seconds and look inside any of our competitor's cartridges and then look inside ours... you'll see the difference immediately. It's obvious. Pleatco's cores allow for the even flow of water through the entire cartridge which increases filtration, uses all the Pleatco Advanced Point Bonded Filtration Fabric®, and makes it easier for the pump to move water through the entire cartridge. Pleatco's Free Flow Cores are designed to be efficient, robust and save energy.

Quality matters. Choose wisely.

PLEATCO CARE HOTLINE
TOLL FREE 1-800-886-5160

Easily identify any pool or spa filter cartridge.

FIRST LOCATE THE PART NUMBER ON THE CARTRIDGE ENDCAP
NO PART NUMBER? MEASURE THE CARTRIDGE > A-B-C

A

Measure the outer diameter of the cartridge

Measurements may vary. Always allow a variance of (+/- 1/16 inch)

OUTER DIAMETER

B

Measure the overall length of the cartridge

(+/- 1/16 inch)

Only measure from end-cap to end cap!

Do not include handles or thread

Tip:

A more accurate measurement is made by measuring through the center of the cartridge when possible.

LENGTH

INNER DIAMETER

C

Measure the inner diameter

The top or bottom hole of the cartridge
(+/- 1/16 inch)

Please note:

Some Pleatco Filter Cartridges include a robust inner core for extra strength and durability.

We understand how important it is to have the right information at the right time, especially when helping a customer select a specific part from a sea of variables. At Pleatco we have built a super fast Filter Finder search engine that you can access virtually anywhere on any mobile device or computer. You can search by part number or dimensions and we have a full listing of replacement filters that correspond to the original pool/spa manufacturer. Save yourself time and frustration and visit our website today or download the Pleatco PoolMate App.

PLEATCO.COM

We've got you covered.

From sea to shining sea.

To be the best you need coast to coast coverage.

At Pleatco we take business growth and expansion very seriously. Pleatco manufactures 100% of the products it sells throughout the world. We use the most technologically advanced pleating machines giving the company flexibility far beyond any of our competitors to use a wide range of materials to build innovative products.

In November of 2006, Pleatco operated in 12,000 square feet of leased space in New York. Today, the plant is approximately 80,000 square feet. This expansion was necessary to facilitate more efficient manufacturing and to create an advanced warehouse management system (WMS) necessary to streamline workflow and the proper stocking of raw materials and finished products.

Pleatco is recognized for speed of delivery. With the opening of a second manufacturing and testing facility in Mexico and a state-of-the-art distribution center in California, our products are being shipped to the western and southern regions of the USA and the pacific markets quicker and more cost effectively than ever. Our 2nd plant allows for greater volume and peace of mind to our customers that Pleatco products will always be available. Our expansion is just another way that signals that at Pleatco we truly live by our mantra of 'constant improvement'. Pleatco – from sea to shining sea.

 **PleatcoPure®**
THE CLEAN WATER COMPANY
Leaders in science and innovation.

Seeking out new ideas on how to make the water we relax in cleaner and better for all is a never ending journey for our team. The birth of a great filter cartridge starts with our Pleatco Applied engineering team who have advanced training and experience in specific disciplines (industrial, mechanical, electrical, micro-biological). Our unparalleled on-site dual indoor - outdoor test facility contains 40-thousand gallons of moving water where we can thoroughly test and improve our products. We stand behind the honest fact that all our filter cartridges featuring Pleatco Advanced Point Bonded Filtration Fabrics and Free Flow Core Technology hold more dirt, are easier to maintain, provide greater flow, save energy and last longer - and we have the research and results to back it up! At Pleatco we take pride in bringing truly unique, innovative solutions to the marketplace - not merely repositioning the sales pitch for old technology like many of our competitors. We don't just say it, we do it!

FILTERWASH™

FILTER CARTRIDGE CLEANER

The mighty little tablet that does the work for you!

Introducing NEW Pleatco Pleatco FilterWash, a hassle free way to get your filter cartridges sparkling clean.

Pleatco FilterWash™ is a simple to use cleaning table specially formulated to penetrate deeply into any reusable cartridge filter and remove the accumulated materials such as suntan lotion or oil, body oil, grease, dirt, soap scum and other organics. This thorough cleaning allows cartridges to return to a high level of original performance without harming the filter. Unlike other cleaning agents, Pleatco FilterWash™ comes in specific formulas - one for pools and one for spas, scientifically engineered for each environment. So let us do the work for you, simply and effectively.

- ✓ Fast acting Fizz tablet
- ✓ No measuring. No messy chemicals
- ✓ Releases body oils, sun tan lotion and dirt
- ✓ Safe and easy on the filtration fabric
- ✓ Loosens debris from the fabric surface
- ✓ Environmentally friendly

Pleatco Filter Cartridge to
Launch and promote products

We've taken cartridge cleaning in a completely new direction, away from the typical spray-on products and into a simple tablet solution that is easy to use and easy to sell. PleatcoFilterWash tablets are engineered for individual Pool / Spa applications - a unique and exclusive concept to Pleatco - and have separate formulas for both applications.

Pleatco FilterWash tablets come in an attractive dispenser box that lists features, benefits and instructions so the customer or the store salesperson can immediately understand the simplicity and strength of the product. The dispenser boxes are pre-filled and are perfect for either the sales counter or on the shelf. Tablets come individually wrapped with a BARCODE on the front and a fold-out booklet that includes instructions. One tablet comes in a packet and cleans up to two filter cartridges.

For support we have created "how to videos" and a stand alone website PleatcoFilterWash.com. The product will be heavily promoted through cross sell labels on all Pleatco Filter Cartridges. Pleatco FilterWash tablets can be used to clean any filter cartridge and are a natural sales extension. So get started with new PleatcoFilterWash today.

Pleatco **DE**GRIDS™

Lighter. Stronger. Better.

CLEAN DESIGN

By using the highest quality raw materials and advanced manufacturing methods, Pleatco's D.E. Grids provide efficient, peak performance filtration for pools while delivering cost and energy savings and extended product life.

- ✓ Pleatco now offers a full range of grids including replacements for the entire **Universal and Purex** lines.

UNIQUE PRODUCT TAGS

Pleatco D.E. Grids all feature easy to read product tags with the Pleatco part number prominently displayed for quick identification when it comes time to replace.

Pleatco D.E.Grids are engineered to outperform and outlast any other.

Pleatco lightweight grid design flexes where needed but remains ridged when demanded. Our unique design centers on a 'flex backbone' that is specifically engineered to deliver strength without excessive bulky plastic for rigidity. This flexing prevents cracking and damage to the frame. A special reinforced center tube creates a duct to funnel water from the outer most edges of the entire grid assembly.

Using advanced manufacturing methods and scientific engineering, Pleatco has eliminated traditional weak spots in grid designs. Built with high impact ABS material featuring a high 'strength- to-weight' ratio, our grid frames are noticeably lighter in weight while providing superior strength, performance and dependability.

Under pressure and exposure to pool chemicals, heavier "old school" competitive grids can become brittle, fracturing at the corners and nipple assembly over time due to the constant bending that occurs in the tank. Pleatco's flexibility allows for a greater flow and provides longer product life.

All of our grids are made with Pleatco Unique Filtration Fabric® - a high performance woven polypropylene that contains only virgin resins to assure the highest strength and to maximize filtration. Seams are stitched by our product team experts with a chemical resistant heavy 4 ply thread. The unique Pleatco design also minimizes the amount of tension placed on the fabric, reducing splitting and tearing of the fabric.

Perfect POOLGUY/GAL SEARCH

ANNIVERSARY
10
Years

Honoring excellence.

The Pleatco Perfect Pool Guy & Gal Contest originated in 2008. What started out as a local contest quickly turned into a serious nation-wide search, and is now an international event. While some of the original entries were funny, most of the entries were submitted by loyal customers who truly appreciated the commitment to service at the highest level by their "Guy."

The contest originally started as a search for the Perfect Pool-Guy, but as the nominations started rolling in it quickly became clear Pleatco would also be searching for the Perfect PoolGal. The judging panel was so impressed with the overall range of talent and experience shown by the contestants that Pleatco also expanded the awards to include the Big Heart Award for community service, the Industry Achievement Award, and the Future Leadership Award, a tradition that continues on today.

Over the past nine years, more than 1,000 people have entered the contest and nearly 45,000 people have voted for the winners. Each year, the Pleatco Perfect PoolGuy/Gal Search® has grown and continues to illuminate the strengths and passions of the pool service industry. Pleatco is proud to honor the men and women who work hard each day to not only service pools and spas, but also help educate and care for their customers.

Pleatco, Genesis and the National Swimming Pool Foundation are honored to be the co-sponsors of this important industry event. We are happy to celebrate our 10th Anniversary of the contest and look forward to continuing to reward the industry for years to come.
