Optional Clean-out with adapter plug ▶

Application • Prevents sewage backup into plumbed structures as a result of a plugged sewer system, excess volume in the system or groundwater flooding.

Application • PVC • ABS

Features • No manhole required • Installs discretely outside - up to 12' below ground level. • Above ground outdoor maintenance accessibility eliminates hidden access indoor applications, and the sewer odor and mess of indoor maintenance. • Meets IPC, UPC/IAPMO, ICC, IRC, CSA plumbing codes.

Lower Collar with Flapper.
3" and 4" collars accept both 2" and 4" standard pipe 6" Clean Check collars accept standard 4" pipe. ▶

Available in 3", 4" and 6" sizes ▶

◀ Valve Body

Original

New

The new 2015 snap-in, pull-out flapper style, will phase out the original flapper.

Rebuild kits are offered to upgrade older installations to the 2015 flapper.

◀ Upper Collar
