General Terms and Conditions

Freight Allowance

Please see the Tankless Parts and Accessories Price Sheet for Freight Allowances.

Taxes

Prices are subject to the addition of any tax imposed by any present or future Federal, State, County or Municipal law on the sale of such material, unless we have a tax exemption certificate on file.

Acceptance of Orders

All orders are subject to final approval on the terms and conditions contained in our standard customer acknowledgment form.

Materials Return

Saleable, current component parts in a new or unused condition must have prior authorization by the Parts Packaging Supervisor or Customer Service before being returned. Parts may only be considered for return within 90 days from the original invoice date. Invoice numbers must be provided to Customer Service prior to obtaining a return authorization number. All parts returned without prior authorization will be destroyed or sent back to the sender at their expense. All returns will be subject to our inspection and a 25% restocking charge. Returned parts that are damaged or in a condition that prevents resale will not be credited. Service/Warranty Parts returned in accordance with warranty claim provisions do not require prior authorization, but will be subject to our inspection. See Price Sheet for Additional Conditions.

Fuel Type Program Chips			
RTG20164AH	Program Chip - Natural Gas	●	●
RTG20164AJ	Program Chip - LP Gas	●	●
Commercial Conversion Kits			
RTG20192C	Natural Gas Commercial Conversion Kit	●	●
RTG20192D	LP Gas Commercial Conversion Kit	●	●

Only fuel specific chips are required for replacement of control boards. Altitude is controlled through dip switch settings and does not require a program chip. See Use and Care for details.

Commercial Conversion Kits allow the 66X models to operate at a higher water temperature for commercial applications. The kit includes a program chip along with a commercial warranty and instructions. Each heater in a commercial installation would require a kit.
