| <b>Teak Shower Tray (TK6042CD)</b> <b>Contact MTI for pricing</b>                                                                                                                                                                                                                |

### IMPORTANT ORDERING & INSTALLATION INFORMATION

- 3-sided integral tile flange to facilitate installation.
- Single threshold design.
- 3.5" drain opening pre-drilled.
- Drain finish options on this sheet are upcharge prices only. Contact MTI for ordering details for drain kits sold separately. Compliant with ASTM C 1028-07 coefficient of friction test.
- Add proper wet-bedding compound to fully support bottom of shower base. Optional factory installed Pre-Leveled Foam Base negates the need to wet bed when installing on a flat, level subfloor. See installation instructions.

- Options and accessories may be packaged inside the box. Always check packaging before discarding.
- All product measurements are  $\pm 1/2"$ .
- Specifications and configurations are subject to change without notice.
- Measurements herein supersede all others published prior to publication date below.

See the Installation & Operation Manual for more details.
