Hearth Products Lineup

Savannah's fire products lead the industry in cutting edge technology with modern and contemporary fireplace designs.

GENESIS SERIES

Infinity

The Infinity series brings the affordable linear gas fireplace a wonderful new look. With sophistication and design features that were only ever available with high end luxury units, the Infinity series bring life back to the flame.

Galaxy

This elegant fireplace offers a customizable experience, allowing you to add extra stone sets separately if desired. Enhance your living space with the Galaxy fireplace, combining style, convenience, and a visually stunning design.

SAVANNAH SERIES

Champion Insert

A comprehensive electronic package that sets it apart from the rest. With a focus on innovation and convenience, our inserts are equipped with electronic ignition as a standard feature.

Pinnacle 55

A stunning 55" linear fireplace that serves as the focal point of your living space. Includes electronic ignition, fan kit, modulating valve and deluxe remote.

Vision 36 / 42

A striking fireplace that brings the comfort of the outdoors into your home. Its classic design, realistic charred birch log set, and rustic brick finish create a warm, inviting centerpiece.

ELITE BUILDER SERIES

Bonaparte 36

A sleek, see-thru linear fireplace that delivers big style in a compact footprint. With its refined design and modern appeal, this 36" model fits beautifully into both new builds and renovation projects.

DCF 36 / 42

A traditional design with a classic appeal, perfect for those desiring a fireplace with rustic features. It includes a safety screen integrated into the surround, tempered glass, and a clean face frame.

E45 Linear

A unique linear fireplace that offers a sophisticated feel at a realistic price. With its modern contemporary design and high efficiency, the E45 is truly one of a kind.

A wood burning stove turns back the clock, to a simpler time when renewable energy was the only kind there was! These wood burning Buck Stoves brings all the features we love in wood burning-the sound, the look and feel-of wood stove appeal in a modern design. Timeless, efficient and built to last a lifetime, Buck Wood Stoves have a model to suit any home, or cabin!

FREE-STANDING

BuckStove wood burning products has the versatility to be installed as an inserts in fireplaces or as free-standing stoves with optional legs and pedestal.

Model 21 on Legs

Model 21NC can be used as a fireplace insert with an optional insert kit, pre-fab insert, or as a freestanding unit with optional Queen Anne legs.

HOMESTEADER COOK STOVE

The Buck Stove Homesteader Wood Cook Stove is the perfect mix of an efficient wood burning stove and a functional cooking range.

- A large cook top area and a built-in oven.
- Two high-heat glass windows allow an unobstructed view of the fire chamber and the oven.
- Dual air control handles provide precision control of the heat of the oven and of the fire.
- The removable ash-pan is a must have feature, making clean-up a snap.

Model 91

The Model 91 catalytic is our most popular selling wood stove. Used as a masonry fireplace insert, or freestanding, this unit easily accepts 21" logs and heats up to 3200 square feet with an astonishing 10,400-62,745 BTUs per hour.

FIREPLACES

ZC74 (Non-Catalytic)

The ZC74 is crafted in a traditional time-honored design, this non-catalytic series features a dual top heat exchanger and an oversized glass door with an air wash system to minimize cleaning.

Amantii

ELECTRIC FIREPLACES

Clean, contemporary, innovative electric fireplaces by Amantii are perfect for homes, offices, restaurants, spas, and other commercial settings. With their clean, contemporary design and innovative features, they are a first choice for many designers, architects, builders and homeowners.

TRD-33-Bespoke

Using the latest technology, Traditional Bespoke Smart presents a new interpretation of the classic fireplace with quality and style. Select flame colors, sound, heat and so much more by pairing your phone with the fireplace and press play on your smartphone. Heater vents are concealed in the upper top of the unit, enabling a truly clean face appearance.

14 Piece Kit

Amantii

PANORAMA SMART ELECTRIC FIREPLACE

BI-72-Deep-OD-Lumina

The stunning Panorama BI-Deep series will add a touch of elegance and sophistication to any room.

This innovative fire is skillfully engineered to allow a truly trimless fire. Meticulous attention has been paid to the realization of the ember bed and flame pattern to ensure a perfect recreation of a natural fire.

Amantii

FREESTANDING ELECTRIC FIREPLACE

E70 Freestanding
Cast Iron Electric
Stove

FS-26-922
Smart
Freestanding

A distinctly European styled free standing electric fireplace from Sierra Flame by Amantii. This Fireplace features a beveled glass viewing area that gives an almost 'see-thru' effect on three sides.

BRECKWELL®

Exceptional Heat, Outstanding Value

We make premium hearth products designed with discerning tastes in mind. We believe that quality and style aren't mutually exclusive, and that form shouldn't follow function—they should arrive at the same time. Our products are built to last and are backed by the best warranty in the industry.

Whether it's a high-rise in the heart of the city or a rustic retreat, we provide the touches that transform any space, infusing it with warmth, sophistication and luxury.

PELLET STOVE

SP500 Pellet Stove

The Breckwell Hearth SP500 small footprint wood pellet stove efficiently heats up to 1,300 sq. ft. The SP500 wood pellet stove incorporates a largest in class 40 lb. pellet hopper for up to 30 hours of continuous warmth and comfort.

- Up to 25,000 BTU's
- 40 lbs Hopper Capacity
- Heats up to 1,300 Sq Ft
- Up to 30 hours of continuous use
- Certified for sale in US and Canada
- Mobile Home/ Transportable building approved

SONORA SP23L Pellet Stove

Casual elegance in a resourceful package – this is the SP23 Sonora pellet stove. With all the features needed to impress the most discriminating buyer, the Sonora is small enough to fit most any room in the home, yet powerful enough to provide whole-home hearth-centered warmth, and can be tailored to your own personal style.

- Up to 42,000 BTUs: Providing comforting heat from 400 sq. ft. to up to 2000 sq. ft. 5 heat settings.
- The Automatic Fuel Feed lets you burn up to 55 hours on each load with the 55 lb. hopper fuel capacity.
- Heavy steel construction provides long-term reliability and durability.
- One touch digital technology control board with multiple safety checks and diagnostics; extends the life and efficiency of your stove.
- The "Hot Rod" Automatic Fire Starter igniter ensures the stove lights quickly and safely. No messy starter gels needed.
- Stainless steel burn pot. Removable for cleaning.
- Large, discreet, easily accessible ash pan.
- Special air wash system helps keep glass clean.
- Environmentally friendly: meeting or exceeding all federal and state emissions standards.
- Up to 55 hours burn time

WOOD STOVE

SW500 Woodstove

The Breckwell SW500 is a one-of-a-kind space saving wood stove that efficiently heats up to 750 sq. ft.

The SW500 would be ideal in smaller homes or zone heating situations and can burn up to 8 hours.

- Up to 750 sq. ft.
- 26,000 BTU
- 11" Log Length
- Adaptable 6" flue
- US Mobile Home Approved
- Approved for sale in Canada
- Qualifies for IRS 30% 25C
- Residential Energy Tax Credit

CH20 Woodstove

- Assembled Width: 27"
- Assembled Depth: 20 3/4"
- Assembled Height: 32"
- Assembled Weight: 262lbs

BULLET BURNER ASSEMBLY

THE OUTDOOR PLUS

Welcome to Eurofase Heating, where innovation and quality craftsmanship redefine comfort. For over 40 years, Eurofase has been a trusted leader in premium lighting solutions, and our heating division continues this legacy by delivering high-performance heating systems that bring warmth and elegance to every space.

Why Choose Eurofase Heating?

Heritage and Expertise

Backed by decades of design and engineering experience, we deliver heating solutions that embody quality and innovation.

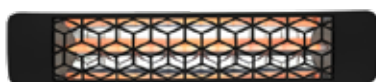

Uncompromising Quality

Each Eurofase Heating product is crafted to the highest standards, ensuring reliability and long-lasting performance.

Aesthetic Design

Our heating solutions are designed to integrate seamlessly into various settings, complementing Eurofase's renowned lighting collections.

Our Heating Products

EF Series

PROFILE

LP Series

ACCENT

Vellura Series

Power meets precision.

Our Performance Heating collection delivers maximum warmth with wide-range coverage, ideal for larger outdoor areas or high-demand settings. Engineered for efficiency and durability, these high-output heaters are the backbone of comfort, offering powerful heat without compromising on design.

Mounting Options

Wall & Ceiling Mounting

Our heaters come with 6-inch brackets for easy wall or ceiling mounting. You can install them flat or angle them at 30° or 45° to deliver warmth exactly where you want it.

Recessed Mounting

Eurofase offers a certified turnkey solution with flush mount kits, fire-rated boxes, and all necessary mounting accessories for an easy, professional installation.

Suspension Mounting

For sloped or vaulted ceilings, or spaces with ceilings over 12 feet high, Eurofase's telescopic suspension kits offer a perfect solution.

Pole Mounting

If wall or ceiling installation isn't an option, pole mounting provides a durable and flexible solution.

Smart WiFi Controller

Smart Wi-Fi/Bluetooth Controller: Requires one module per heater. This cost-effective upgrade provides smart functionality, including on/off, high/low settings, programmable timer, and a 4-hour auto shut-off. Multiple heaters can be seamlessly managed through the Eurofase Heating app.

EF60 Series

BUILD FOR THE FUTURE
Vent With Confidence

DuraVent is your trusted partner for all your venting needs. With a rich history of innovation and a dedication to safety, quality, and customer satisfaction, we continue to lead the industry in providing venting solutions that stand the test of time.

DirectVent Pro

DirectVent® Pro is a unitized, coaxial (concentric) venting system designed for use with direct vent gas or propane stoves, heaters, and fireplaces.

DVL

Double-wall interior stovepipe for connecting wood stoves to manufactured chimney.

PVP PelletVent Pro

PelletVent Pro® is a venting system designed for stoves and inserts that use wood pellets and oil fuel.

DuraTech 5" 8"

With a Thermal Tech blanket insulation encased between dual walls, DuraTech offers the optimum in safety and performance. It keeps the outer wall of the chimney cool, while ensuring high flue gas temperatures for optimum draft performance.

DuraFlex Stainless Steel

DuraFlex® Pro is the ultimate in flexible steel liners for strength and flexibility. It features 20% more stainless steel per foot compared to other liners on the market. Its extreme flexibility facilitates problem free installations where multiple offsets are needed. DuraFlex Pro is available in 3" through 12" diameters in lengths, kits and custom lengths.

HEARTH CLASSICS

BY American Panel

Our hearth pads are crafted from a variety of quality stone and ceramics — expertly finished for maximum durability. Choose from a wide range of styles and enjoy the security of knowing your hearth pad meets all government safety standards. Hearth Classic's tile and stone hearth pads are handcrafted to provide the ideal foundation for your freestanding gas, wood, pellet, corn, coal or oil stove.

- Anti-vibration magnetic mounting strips
- ETL certified to CSA C22.2 & UL-1004

In 1937, a Seattle company operating as Marine Electrolysis Eliminator Company (MEECO), under a contract from the United States Department of Natural Resources developed a product for the removal of soot from wood-burning stand-by generators and power plants. The company trademarked the name "MEECO'S RED DEVIL" and introduced this product to the general public the same year. From this beginning, MEECO has built its reputation of quality and service.
